CHAPTER 4 LESSON 3

Objectives: Jingles, Grammar (Practice Sentences), Skills (Oral Skill Builder Check, add a vocabulary check to Skill Builder, Expanded Practice Sentence), Practice Exercise.

Have students turn to the Jingle Section in their books. The teacher will lead the students in reciting the previously-taught jingles.

First-Year Option: Put the Practice Sentences from the box below on the board or notebook paper. Use these sentences as you practice the concepts that have been taught. For the greatest benefit, students must participate orally with the teacher. **Second-Year Option:** Have students classify the Practice Sentences independently on notebook paper. Check students' sentences with the answers provided below. (*If you have the CDs for Practice Sentences, have students check their sentences with the CDs.*)

We will classify three different sentences to practice grammar as we recite the Question and Answer Flows. We will classify the sentences together. Begin. (*You might have students write the labels above the sentences at this time.*)

Teacher's Notes: Make sure students say the **questions** and **answers** orally for each sentence. Be sure to lead them so they will say the Question and Answer Flows correctly.

Question and Answer Flow for Sentence 1: The ancient clanking car chugged noisily away.

TEACHING SCRIPT FOR ADDING A VOCABULARY CHECK TO SKILL BUILDER TIME

We will use the three sentences that we just classified to learn a new Skill Builder. We will add a Vocabulary Check to the Oral Skill Builder Check time. The Vocabulary Check will give me an opportunity to expand your vocabulary. I will select different words from the three sentences that we classify together for a Vocabulary Check. We will define the words, use them in new sentences, and name synonyms and antonyms for them.

TEACHER INSTRUCTIONS

Look over the words in the classified sentences. Select any words you think your students may not understand or words for which you want students to develop a broader understanding. Use the guidelines below for a Vocabulary Check. (For some words, you might use all the guidelines presented for a Vocabulary Check. For the reinforcement of other words, you might ask only for synonyms and antonyms. Talk about how synonym and antonym changes can affect the meaning of the original sentence. Tell your students that synonyms and antonyms are powerful writing tools, and they must learn to use them well. It is very important that each student has a thesaurus of his/her own.)

Guidelines for a Vocabulary Check

- 1. Give a definition for the word.
- 2. Use the word correctly in a sentence.
- 3. Think of a synonym for the word.
- 4. Think of an antonym for the word.

3. Identify the nouns as common or proper. (Follow established procedure for oral identification.)	(Underline the simple subject once and the simple predicate twice. Bold, or highlight, the lines to distinguish them from the complete subject and complete predicate.)			
4. Do a vocabulary check. (Follow established procedure for oral identification.)	subject and complete predicate.)			

Teacher's Notes: A Vocabulary Check is an excellent way to enrich your students' writing vocabulary. There will be times when you may just ask for a synonym and an antonym for different words. This will give students a better command of the options they have when making word choices as they write sentences. Remind students of the power of words and give them plenty of practice as you utilize the three sentences they have classified. Again, it is very important that each student has a thesaurus of his/her own.

TEACHING SCRIPT FOR AN EXPANDED PRACTICE SENTENCE

Put these labels on the board: A Adj Adj SN V Adv Adv

In the previous lesson, I guided you through the process of writing a Practice Sentence and an Improved Sentence for the first time. Today, I am going to guide you through the same process again, but this time you will write an expanded sentence by adding a few more sentence labels. Look at the new sentence labels on the board: **A** Adj Adj SN V Adv Adv.

Get out a sheet of notebook paper and write the title *Practice Sentence* on the top line. Copy the labels on the board across the page: A Adj Adj SN V Adv Adv. Make sure you leave plenty of room for the words that you will write under the labels.

I will guide you through the process of writing a sentence using a given set of labels again. I will lead you each time we cover a new concept in Pattern 1. Writing a sentence using English labels is total sentence control. It is very easy if you know how, but it is also something very few people can do without training.

- 1. Go to the **SN** label for the subject noun. Think of a noun that you wait to use as your subject. Write the noun you have chosen on the line *under* the **SN** label.
- 2. Go to the V label for the verb. Think of a verb that tells what your subject does. Make sure that your verb makes sense with the subject nous. Write the verb you have chosen on the line *under* the V label.
- 3. Go to the **Adv** label for the adverb. Go to the verb in your sentence and ask an adverb question. What are the adverb questions? (*How, When, Where*) Choose one adverb question to ask and write your adverb answer *under* the first **Adv** label.
- 4. Go to the **Adv** label for another adverb. Go to the verb again and ask another adverb question. You can use the same adverb question, or you can use a different adverb question. Write another adverb *under* the second **Adv** label.
- 5. Go to the **Adj** label for the adjective. Go to the subject noun of your sentence and ask an adjective question. What are the adjective questions? (What kind, Which one, How many) Choose one adjective question to ask and write your adjective answer *under* the **Adj** label next to the subject noun. Always check to make sure your answers are making sense in the sentence.
- 6. Go to the next **Adj** label for another adjective. Go to the subject noun again and ask another adjective question. You can use the same adjective question, or you can use a different adjective question. Write another adjective *under* the second **Adj** label.
- 7. Go to the A label for the article adjective. What are the three article adjectives? (a, an, and the) Choose the article adjective that makes the best sense in your sentence. Write the article adjective you have chosen *under* the A label.

- 8. Finally, check your Practice Sentence to make sure it has the necessary parts to be a complete sentence. What are the five parts of a complete sentence? (*subject, verb, complete sense, capital letter, and an end mark*) Does your Practice Sentence have the five parts of a complete sentence? (*Allow time for students to read over their sentences and to make the necessary corrections.*)
- 9. Under your Practice Sentence, write the title *Improved Sentence* on another line. To improve your Practice Sentence, you will make two synonym changes, one antonym change, and your choice of a complete word change or another synonym or antonym change.

Since it is harder to find words that can be changed to an antonym, it is usually wise to go through your sentence to find an antonym change first. Then, look through your sentence again to find words that can be improved with synonyms. Finally, make a decision about whether your last change will be a complete word change, a synonym change, or an antonym change.

I will give you time to write your Improved Sentence. (Always encourage students to use a thesaurus, synonymantonym book, or a dictionary to help them develop an interesting and improved writing vocabulary. After students have finished, check and discuss students' Practice and Improved Sentences.)

Have students turn to page 68 in the hractice Section of their book and find Chapter 4, Lesson 3, Practice. Go over the directions to make sure they understand what to do. Check and discuss the Practice after students have finished. (*Chapter 4, Lesson 3, Practice key is given below.*)

Chapter 4, Lesson 3, Practice: Put this 3-part assignment on notebook paper: (1) Write the four parts of speech that you have studied so far (in any order). (2) Write out the Question and Answer Flow in exact order for the sentence listed below. (3) Classify the sentence.
